

Join us for a Breakfast Briefing:

Practical Discipline

Effective Discipline Strategies That Work for Turning Around Problem Employees and Resolving Tough Situations

Presented by **Dr. Lynne Curry**

Lynne Curry, Ph.D., SPHR

"I recently had the pleasure of attending a training class presented by Dr. Lynne Curry. She kept the class moving, changed things up frequently, and kept us involved and excited to be there. I can't wait to take another one of Lynne's classes!"

**Debbie White,
Peak Oilfield Services Co**

"We acquired some very useful skills that participants put to use right after the training. The skills brought immediate results! I would recommend TGC to any of my colleagues looking for training."

**Genevieve Opheim
HR Specialist
Kodiak Area Native
Corporation**

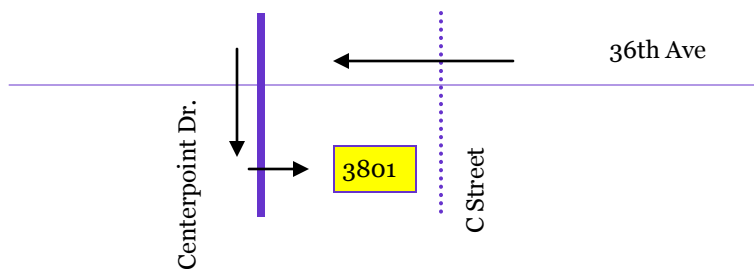

"Our staff have embraced a number of the valuable techniques offered in her training and it's a pleasure to hear them reminding each other of these tips. We are confident this will continue to translate into happier and productive employees."

**Susan Daniels,
Northern Adjusters**

This great fast-paced, nuts & bolts training session is designed to help managers and supervisors learn effective strategies in:

- ◆ Using a supervisory analysis to effectively address disciplinary problems
- ◆ Fixing problems without creating new ones
- ◆ Creating forward momentum in employees: 2 techniques and strategies
- ◆ Using "just cause" to evaluate your actions and protect yourself
- ◆ Making firing decisions: practical guidelines
- ◆ Documentation: writing legally clean notes
